Thank you for submitting your claim.

Here's an 8-step guide to completing your self-assessment

Doing a self-assessment of your vehicle damage is easy!

Note: You should have a minimum of nine photos displaying the licence disc, the odometer reading, and the whole vehicle, including a close-up of the damage.

STEP 1

Take a photo of your licence disc.

STEP 2

Take a photo of mileage on the dashboard.

STEP 3

Take a photo of the entire length/width of the damaged side, as well as a photo of the entire length/width of the opposite side.

STEP 4

Take a close-up photo of the damaged area.

STEP 5

Take a left front three-quarter photo.

STEP 6

Take a right front three-quarter photo.

STEP 7

Take the right rear three-quarter photo.

STEP 8

Take the left rear three-quarter photo.
